2nd sale set as no bids on bonds

A second effort to secure competitive bids on the \$175,000 bond issue to raise local matching funds for the \$272,763 federal grant to expand Hancock General Hospital is scheduled for 10 a. m. Monday after not

a single prospect showed up Tuesday to bid on the issue. It was the first time in the memory of most county officials when a bond sale has failed to yield a prospective buyer and raised serious concern over whether the county can hang onto the federal funds under the accelerated public works act which originally set a deadline of Jan. 31 for actual construction on the 36-bed addition to start.

Charles and Trauernicht, St. Louis, Mo., bond attorneys, advised the board of supervisors' attorney, Lucien M. Gex, late Tuesday afternoon to reschedule the bid opening for this Monday after supplying notices of the sale to investment companies usually seeking business here.

Because of the tight schedule and one deadline waiver on the federal grant already obtained it was hoped at first the bond attorneys would approve a private sale today under one state statute Gex located. However, he questioned interpretation of the section in an instance when no bids were received rather than rejecting them as too high. Supervisors who had been sitting by all day on the matter authorized him to get the St. Louis firm's advice and move from there.

Meanwhile, Leo W. Seal, jr., president of Hancock Bank, said he would try to get some investment syndicates to bid and Gex, an official of Merchants Bank, pledged likewise. R. G. Hubbard, jr., president of the supervisors, instructed Chancery Clerk Marie Quintini to send copies of the sale notice to all syndicates which have (Cont. on Page 7.)

Hearing set on commuter

A hearing on the Louisville and Nashville Railroad Co.'s request to discontinue operation of trains 9 and 12, the commuter between Pass Christian and New Orleans is scheduled for 9:30 a. m., Jan. 29, at the new Federal Office Building in New Orleans before Interstate Commerce Commission Examiner William J. Kane. The hearing was ordered by Commissioner Kenneth H. Tugle on Jan. 3.

Earlier the railroad had sought to discontinue operation of the trains after Jan. 5. By an order dated Dec. 23 the ICC directed the railroad to postpone for four months discontinuance of these trains pending a public hearing on the matter.

In setting the hearing Tugle directed that the railroad have available witnesses competent to testify on all material and relevant facts. The order also sets forth that anyone desiring to be notified of any change in the time or place of the hearing must inform the ICC of that fact by Jan. 13. Opposition to the discontinuance of the trains has been led by the Gulf Coast Assn., primarily comprised of those

who regularly use the commuter, and a reliable source told the Echo that the group expects to employ an attorney to represent it at the hearing. The municipalities of Bay St. Louis and Waveland have entered their protest over the railroad's plan to abolish these trains as has the Hancock County Board of Supervisors and the Chambers of Commerce of Pass Christian and Hancock County.

S. Triana 1st fatal for 1964

Sam Salvadore Triana, 74, became the first city or county fatality of 1964 when he died about 7 p. m. Monday at Hancock General Hospital as a result of injuries sustained at 2:25 p. m. when struck by a 1956 Ford driven by Ed Osbourne, 74, Bay St. Louis, on St. Francis Street near St. John Street.

Death was attributed to possible internal injuries, shock and a broken hip, city police chief Latham Garriga reported. Triana lived with his daughter, Mrs. Leroy Peterson, 204 St. Francis St., and had just left the residence when the accident occurred. Eyewitnesses said he had reached the middle of St. Francis Street when Osbourne blew his horn and attempted to pass on the right of Triana who apparently became frightened, turned around and darted in front of the car. He was removed from under the vehicle.

Garriga said Osbourne was automatically charged with (Cont. on Page 6.)

The board of supervisors quickly to fill most appointive jobs, re-appointing those who have been in most instances and being sworn in for their year-term terms Monday by the retiring chancery clerk, Claiborne Ladner. There was only one new face on the board, Dolph Keller having been elected 2nd supervisor, succeeding L. M. Fri- R. G. Hubbard, jr., who was re-elected president of the board.

Major appointment was that of veterans' officer but it was in an assistant will not be this year. Mrs. Vera

I also is likely to be dropped, Supervisor H. G. Dean refusing to make an appointment on the ground the draw bridge at Pearl River doesn't work anyway. The post was vacant last year also. Lucien M. Gex was re-appointed attorney for the board on the motion of Dean, seconded by James Necaise of Beat 4. On the recommendation of the new sheriff, Sylvan J. Ladner, jr., Tommy Bourgeois was named prison guard at \$205 a month, including the former \$30 allowance for use of his automobile.

Supervisors went along with the recommendation of Tax Assessor George Heitzmann to re-appoint to his staff Mrs. Jerry Mitchell as chief deputy at \$250 a month and Mrs. George Anderson, clerical aide, at \$175, both getting \$25 raises and the latter being full-time as permitted under the county's new assessment classification. Heitzmann doesn't make out as well, his pay dropping \$600 a year and the board indicated it would support a local and private bill to change that peculiarity of the law.

Also on Dean's motion a \$25 raise went to John W. Smith, assistant county agent, so he gets \$200 from the county. Supervisors went along with their Beat 1 colleague's plan to raise the district attorney's expense allowance to \$125 a month for additional compensation to Clyde Hurlburt, who handles (Cont. on Page 7.)

County buys 4 road machines at \$81,000

Purchase of four pieces of heavy road equipment costing over \$81,000 was authorized by the board of supervisors Monday at its first meeting of the year. Low bidder on all items and in most cases the only one was Mississippi Road Supply Co. of Jackson.

One machine, a grader for the seawall at \$26,268.30 including \$4,108.30 in attachments will be a cash purchase through the seawall maintenance fund. The other three pieces for Beats 1, 3 and 4, will be bought on 3½-year notes financed through Hancock Bank at 4.25 per cent interest which H. G. Dean of Beat 1 arranged in preference to the 6 per cent offered by Mississippi Road Supply.

Beat 1 gets a front end loader at \$16,000; Beat 3 a motor grader at \$21,484.30 and sells to Mississippi Road Supply as high and only bidder its old grader for \$1,162.30, and Beat 4 a front end loader

at \$16,892. Hall Supply bid \$19,500 on the Beat 1 equipment and MRS offered \$25,034.30 on a lower horsepower item for the seawall.

Beat 4 disposed of two articles to lone bidders; the chain saw to Jack Lott for \$269.75 and the old loader for \$1,500 to Bond Paving Co. of Hanksboro.

Bids also were opened during Monday's session on supplies for the year and contracts awarded low bidders as follows: Clam shells for Beat 1, Ayers Materials of Louisiana; for Beat 5, A. E. Cazaubon; lumber from both C. P. Jones and Roy F. Ladner; clay gravel from Clifton Sander; Mississippi Aggregate, lone bidder on slag; asphalt from Gulf Asphalt, Miss-Lou and Woodward of Pico; tires from Deas, Arceneaux, Standard Oil and Cue; Gas, from Cue Oil. Bids were held over on other items pending study.

PICKETS AT MTO—Members of Local 903, International Brotherhood of Electrical Workers, commenced picketing Friday at Mississippi Test Operations location where Warrior Constructors is erecting laboratory and headquarters building. They are employed by Harder's, Inc., sub-contractors of Warrior. Pickets were confined to automobiles by this week's rain.

Rain, pickets bog down MTO

Biggest job this week at Mississippi Test Operations was trying to keep 5.45 inches of rain out of the foundation excavations for the huge test stands through mud which has virtually brought all work to a standstill.

Rainfall so far this week is more than that recorded in all of January, 1963, and runs close to the 5.99 inches in March, April and May last spring. Since the first of the year 6.55 inches have fallen, Monday with 3.65

being the wettest single day. Meanwhile negotiations have been resumed in Biloxi by parties involved in the labor dispute which caused some 80 men to walk off the job last month, according to Mack Herring, NASA's public information officer at MTO. Federal mediator Richard B. Taylor arranged the new discussions and represents his agency at them. Herring resumed his duties Monday at (Cont. on Page 6.)

HELP FIGHT OFF
THOSE COLDS
WITH VITAMIN "C".
—LOADED ORANGES

Even though our local blizzard occurred over a week ago, we're aware that comments on this phenomenon are expected from this quarter, although I doubt that we'll be quite as enthusiastic over the winter wonderland as many to whom it was much more of a novelty.

About the snowfall

To begin with, to escape just such weather conditions was the main reason we moved to the sunny golden Gulf Coast 13 years ago. . . we'll admit it was lovely to look at, but felt just like what it was, thick heavy water! We'll also grant that the children loved it and it was a treat to many little ones who'd never seen snow before. . . in fact the adults seemed to enjoy it just as much as the kids. Hear there was a whale of a snow ball fight involving the usually dignified attorneys, Dan Russell and Sam Favre with Joe Colson, Mary Catherine Moran and Ursula Favre on Main Street Tuesday afternoon. 'Nookie' Ming, sister Claudie and husband Frank Klein also confessed to tossing a few, Margie and Sidney Woods rushed out and purchased thermal underwear, snow suits, boots, etc. for the children and all had a ball playing outside.

It was also very profitable for anyone selling film. . . color rolls were virtually nonexistent and there was a scarcity of black and white just about everyone who possessed a camera dashed around photographing everything in sight and those who didn't called the Echo Our photographers were kept frantically busy and covered as much territory as was humanly possible but to the many whose homes we were unable to reach, let me express all kinds of apologies and remind you that driving conditions were something less than ideal. . . those owning wreckers also did a booming business as many unfamiliar with driving on icy streets slipped and slid into the nearest ditch.

Driving conditions also forced cancellation of the St. Clare's Parish Hall dance. . . a couple of cars tried to make it up the hill, found it impossible and the revelers retired to Haverty's to welcome in the New Year. Among these were Ann and Henry Develle, Phyl and Jimmy Lagasse, Betty and Fred Rose, Ann Shippey, Dot and Merlin Markel, Cleo and Joe Smith, Lillian and Joe Griffin, Fran and Bob Lucas, Polly Fagen and Eddie Engelhorn.

Legionnaires and their wives turned out in numbers not quite as large as usual, but large enough to celebrate at their annual New Year's Eve party. Helping keep things hopping were Mary Alice and Joe Beavenutti, Rose and John Rutherford, who incidentally took advantage of the occasion to celebrate their 20th wedding anniversary; Gloria and Red Reinke, Anna and Gilbert Gayaut, Marion and Russell Elliott, Mattie and D. W. North, Polly and Joe Compretta, Lou and John Wilkerson, Ann and Clyde Craig, Lorraine and Charlie Poolson, Margaret and Henry Prevou, the Teddy Stechmanns and the Buck Buehlers. Helen Nadell ran out of excuses (she'd been using snowy winter weather) and took off Sunday for a 10 day visit to her former home town, New York City.

Get well wishes go to the entire Thomas-Hall family, June, Jim and Kim who've had flu, to Buddy Turcotte, a patient in Hancock General and to William Bozeman who is recovering from pneumonia.

Guy Bufkin is a widower again. . . wife Jackie was called to Chicago Friday by the illness of her father, T. H. Aubry, who was scheduled to undergo major surgery on Tuesday.

Visitors were snowbound

Jean and Gordon Gleim had an unexpected house party over New Year's. Long time friends, Mr. and Mrs. Henry Dunn of San Paolo, Calif., their son and daughter-in-law, Mr. and Mrs. John Dunn, daughter Sally and two Tibetan Llama dogs of Houston, Texas, all enroute home from a family reunion in Bradenton, Fla., had intended just to tell the Gleims hello, but upon arrival in Waveland, found themselves snowed in, so remained over night until Wednesday's thaw allowed them to proceed on their way.

Arriving Friday night from Atlanta, Ga., to spend the weekend with former neighbors, Dot and Jim Mayfield, were Ann and Ken Dewel and Tom Pollard.

Chris Bell came in from Houston, Tex., on schedule, but the 'you know what' forced him to miss taking Ann Langley to the Sugar Bowl game and press party as planned.

Gerri and Sam Blanchard spent Christmas in Vidalia, La., with her parents, Carrie and Doyle Spell, but got home in time to entertain Betty Ruiz and Jim Kathman during the New Year holidays. The foursome took in the races from the clubhouse at the Fairgrounds last Friday.

Surprising mom and pop

Phyl and Jimmy Lagasse had planned to spend their wedding anniversary (last Saturday night, Jan. 4) relatively quietly, but underestimated their younger offspring, Jan and Jeanne. Phyl was changing her dress when she heard shouts as Dot and Merlin Markel, Betty and Fred Rose, Ann and Henry Develle and Georgetowne and Bob Torgersen rushed in shouting 'happy anniversary'. Much to their surprise there was a cake, drinks, a lovely arrangement of flowers for the centerpiece. . . in fact the kids had collected everything necessary for a real party!

Donna Ladner and children Robbie and Amy Lee blew in from Corpus Christi, Tex., Sunday night just in time to help her mother, Audrey Hoelzel, celebrate her birthday on Monday. They'll be here for a three week visit and be joined by Donna's husband, Bobby for the last week. And while on the subject of the Hoelzels, we'll wish little Eddie the second much belated but happy never-the-less birthday greetings. He cut his sixth birthday cake on Dec. 18.

Rare cane sought

Have somewhat of a problem. Friends have been requested to produce a walking cane 'of Mississippi historical interest' for a collection. Anyone have any ideas? Jefferson Davis' personal cane would be ideal, but fear it's not available.

Bea Georgi received not one but two letters from the White House thanking her for the paper (The Echo) containing the story of President Kennedy's assassination.

Henry Otis just managed to outrun the Tennessee and Alabama show after a five day visit to Nashville, Tennessee during the holidays. The purpose of

bell, now living in Hattiesburg, whose dog was found by the McCalebs a couple of weeks ago. This time it's in reference to a letter to the editor of a Jackson paper stating that he had the privilege of furnishing fresh vegetables for President Wilson when he spent Christmas in the Pass during his first term in office. He received a personal letter of appreciation from the President which he had framed and it hung in the living room of his home until the structure, built in 1834, was destroyed by fire in 1918.

Lois Glass makes quite a striking looking blonde. . . no, Lois hasn't really dyed her tresses. . . she just happened to be modelling a very realistic blonde wig; Doris Seuzeneau's Christmas gift from Cheryl and Jackie.

Speaking of wigs, Dot and Jim Mayfield's houseguest, Ken Dewel has the mop (artificial of course) to end all mops. His is reminiscent of that worn by horror movie announcer, Morgue the Magnificent.

Friday was a popular day for local turf enthusiasts apparently; Grace and Sam Bordages, Elaine Davis and Ray Bordages, Gladys and Harry Baxter and Wilfred Bordages were present and everybody but Sam hit the daily double, which was unfortunately just about the smallest of the season, only \$15, and a few odd cents.

Sympathy goes to fellow laryngitis sufferer, Dr. Marion (Sonny) Wolfe, although we would be more sympathetic if we didn't know he made matters worse by viewing the Sugar Bowl game 'live'!

Dr. and Mrs. James Sawyers and family of Edna, Tex., spent last week with Mrs. Sawyer's parents, Mr. and Mrs. Carl Cater. The younger Sawyers, Dick, Norman, Mark and Bobby and friend Dick Whitley took advantage of the snow to construct not one but two snow men. . . the one in the front yard was impressive but the 12 foot creation in the rear of the house was their crowning achievement.

Round about

Mr. and Mrs. Winthrop Baker are home at last. . . not that they didn't thoroughly enjoy their trip to Baltimore, Md., where they visited son Winthrop, Jr., Mrs. Baker and children, Winthrop, III, John and brand new baby Michael.

who was born Nov. 19. Their troubles began on the return trip. . . they left Baltimore via air Tuesday, New Year's Eve, in two degrees above zero weather and found Moisant airport covered with snow. . . in fact after circling for an hour, it was decided to land in Houston. An hour or so later, they tried again. . . another hour above the field and back to Houston where they were escorted to a hotel only to discover that their luggage had been misplaced in the shuffle. It was retrieved around 9 p.m. Wednesday, they made it safely to the Crescent City and arrived home that afternoon to gratefully discover that neighbor Bob Geiger had cleared the drive in anticipation of their arrival.

More travellers, Mr. and Mrs. J. S. Dailey came home Sunday after a three week visit in Baton Rouge with their son, Marion, his wife and twin daughters, Marolyn and Carolyn.

Winnie and Jim McDonald and Virginia and Fred Wagner will host the first cocktail hour of the year at Bay-Waveland Yacht Club from 4 until 7 p.m. Saturday. These affairs will take place each Saturday for the next few months and members and their guests are invited.

Mrs. L. H. Pearson didn't start the New Year off very well; she slipped in the bathroom of her Victoria Street home and fractured her left arm.

Gripe corner

We have a double header this week as two readers called and asked us to mention, first; indiscriminate burning of leaves. One lady states she has a neighbor who almost daily rakes a huge pile of leaves just outside her yard, next to the fence of our reader, tosses gasoline and a match and takes off for parts unknown. Not only inconsiderate, but quite dangerous. Even more dangerous was the report of shooting in Gulf Gardens. We were informed that this has been taking place both day and night and the night time offenders are doubly breaking the law by shining rabbits to shoot.

Betty and Mr. Ed Phillips had as holiday houseguests Betty's brother-in-law and sister, Mr. and Mrs. J. D. Stuart of Lynchburg, Va., and their son-in-law and daughter Rev. and Mrs. G. P. Whiteley of Bluefield, W. Va. Betty is still confined to bed recuperat-

Rutherfords feted on 20th anniversary

Mrs. Clyde Craig, Mrs. Richard Ferguson, Mrs. Selwyn Rutherford, Mrs. Gordon Romanoff and Mrs. Lewis Hart entertained at a buffet supper in honor of Mr. and Mrs. John D. Rutherford, Jr., who celebrated their 20th wedding anniversary at 7 p.m. Sunday night at the Legion home.

Among those attending were Mr. and Mrs. Maurice Salvant, Mr. and Mrs. Clay Salvant, Mr. and Mrs. Frank Newman, Mr. and Mrs. Leonard Ring, Mr. and Mrs. Clarence Batey, Mr. and Mrs. John Rogers, Mr. and Mrs. Lloyd Ladner, Mr. and Mrs. Teddo Thomas, Mr. and Mrs. Gilbert Gayaut, Mr. and Mrs. Edward Virgilio, Mr. and Mrs. Tom Logue, Mr. and Mrs. Clyde Craig, Mr. and Mrs. Gordon Romanoff, Mr. and Mrs. James Travica, Mr. and Mrs. L. L. Rutherford, Mr. and Mrs. Henry Capdepon, Mr. and Mrs. S. S. Rutherford, Miss Adele Parks, Lewis Walle, Joe Selles, Mrs. Eugene Ling, Mrs. R. F. Ferguson, David Rutherford, Carol Smith, J. D. Rutherford, Jimmy Rutherford, Jeannie Rutherford, Jan Rutherford and Jeff Rutherford.

The five Rutherford children presented their parents with an anniversary cake.

for the ninth time. Little Angele Elizabeth Gadipon weighed in at six pounds, four ounces, upon arrival at a Baton Rouge hospital Sunday. The Glen Gadipons are the proud parents; Mrs. Loretta Michele, the equally proud grandmother.

Mrs. Charles Moreau, affectionately known to her many friends as Minnie, very graciously called our office the other day to compliment the Echo on its excellence. She said it made her very happy as her late husband was the founder of the paper.

Capacity mob

Guess the weather has lots to do with it, but hear Hancock General is jammed to capacity. Mrs. Peter Monrose was hospitalized with pneumonia immediately after returning from her Christmas trip to Virginia Beach, Va. Mrs. Al Lambka is undergoing a series of tests there and Hazel (Mrs. Charles A.) Hayes is able to talk on the phone now but is still in the same hospital, she too had pneumonia. Mrs. Marguerite Backman is confined to her home with a severe cold and little Danny Carlot suffered serious burns on his neck and chest when he overturned a pot of water boiling on the stove at his home Monday night.

Very special get well wishes are sent to Rae Cope who has been hospitalized since she was a patient in Hancock General for a couple of weeks. Happy to hear that she is now well on the road to recovery.

Guy Bufkin is passing out (Cont. on Page 9.)

Let's get going

Last Friday night Mayor John A. Scalfide went over with the city's planning commission modifications in the land use map as recommended by the commission when it made its final zoning recommendation which commission council proposes to make. Most of the changes, and all of those in Wards 1, 2 and 3, were minor, primarily being made to facilitate the description of boundaries between the various classifications. On these the planning commission either indicated approval, no outright opposition developed, or, in a few cases, the mayor, after hearing the basis of objection by one or more commission members, concurred and said he would recommend to the two city commissioners an appropriate modification to the proposed modifications.

No such meeting of the minds occurred, however, over the one big change in zoning which the city fathers apparently will make in the planning commission's recommendation before they make zoning an actuality for Bay St. Louis. The planning commission had recommended that property abutting approximately the western third of U. S. 90 as it passes through Bay St. Louis be zoned commercial with the rest of the property on this highway zoned for residences and, with planning commission approval, for hotels, motels and the like. In addition the planning commission had recommended that property on the beach side of Beach Boulevard throughout the city be zoned for open beach except for the 300 yards or so in the downtown business area.

The commission council's proposal, as presented by the mayor Friday, would classify commercial all property abutting U. S. 90 within the city. The five planning commission members present stood firm on this point, and, while the mayor said he would recommend to commission council some extensive changes to make the new land use map more like the one proposed by the planning commission, the meeting ended with the planning commission and commission council as far apart as ever on the basic idea of what part of the highway property should be zoned commercial.

Judging from Mayor Scalfide's comments at the meeting the major reason underlying commission council's desire to extend the area on U. S. 90 zoned commercial is that St. Augustine Seminary desires this change so that institution could, after zoning, lease some of its extensive property holdings in the area for a shopping center. The seminary's desires on this matter are understandable since property leased for commercial uses just about always brings a higher rent than that leased for residential purposes or even motels, etc. In addition, should it develop that a shopping center is constructed on seminary property along U. S. 90 the city should receive a considerable sum in property taxes where it now receives none.

There is another side to the picture which supports the planning commission. For instance, based on the experiences of many other comparable communities Bay St. Louis's population is much too small to support the considerably lesser area zoned for business by the planning commission. In fact, the many vacant pieces of business property seen throughout Bay St. Louis bear this out. Also, proper zoning is based on what is good for the community and the desires of an individual property owner, seminary or otherwise, has nothing to do with it.

In the present case reports, unconfirmed so far as we know, are that the seminary is dickering with some unnamed person, persons, corporation or corporations, etc., for construction under long term lease of a shopping center to be located on the northeast corner of U. S. 90 and Dunbar Avenue. From the standpoint of those who may operate mercantile establishments in the suggested center this would appear to us a most desirable location, but what about the public? The right of way on Dunbar Avenue is really too narrow to make this street a true thoroughfare and in addition to funneling traffic from residences all the way up to Cedar Point it must serve the hospital and North Bay Elementary School and, sporadically, Bay High's new stadium. From the standpoint of the school, the hospital and traffic in general location of a shopping center on Dunbar Avenue is something that should be avoided.

All of this leads to two views of ours. One is that we prefer the recommendation on zoning for U. S. 90 made by the planning commission to what it appears commission council will do. On the other hand we think Bay St. Louis is already behind time in adopting a zoning law and that the city fathers' proposal is a whole lot better than no zoning law at all.

Need new OK on recipients of commodities

Re-certification of all commodity recipients will begin Jan. 15 and no goods can be issued anyone until that process has been completed, Miss Udell L. Favre, acting agent for the Hancock County welfare department, announced this week.

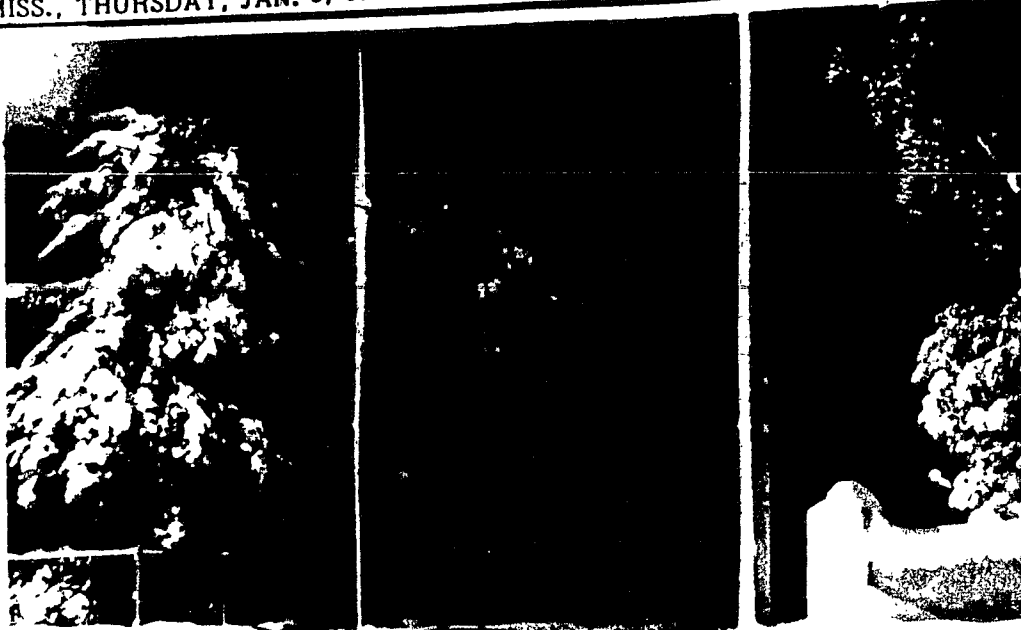

Those who receive checks from the welfare department will be re-certified at this

time, she added. The commodity office will be open from 8 a. m. to 4 p. m. from next Wednesday, Jan. 15, through Jan. 30 for this purpose. Applicants for commodities must bring verifications of earnings for all members of the household in which they live and tax receipts for real or personal property.

The U. S. Department of

Agriculture and Mississippi Department of Public Welfare have entered an agreement which requires everyone to be certified for commodities on the basis of households. No individual member or members within a household can be considered eligible unless all members are eligible.

Could be

When last Friday he formally tossed his hat in the ring for the Republican nomination for president Sen. Barry Goldwater emphasized that his nomination would give the voters "a choice, not an echo" in political philosophies next November. We think there is merit in the senator's contention.

In recent presidential elections the Republican candidate has consistently been labelled by his supporters a "moderate liberal" versus the Democrats' "liberal" and the candidate's campaign pitch has too often resembled "I'll do the same only better and cheaper". This was true even in President Dwight Eisenhower's 1952 campaign.

If Senator Goldwater should get the Republican nomination maybe the conservatives will have a candidate to vote "for" rather than a choice between the lesser of evils.

Rocks good hosts to Picayune quint

St. Stanislaus entertained Picayune Tuesday night but wished they were somewhere else, dropping a double-header to the visitors 66-47 and the junior varsity 30-22.

A wild first quarter proved to be the Rockchaws undoing when they were unable to hold on to the ball. At the half they were behind 40-17 but managed to come back and take the third and fourth games by identical scores, 15-13.

Moe Scalfidi was high for the Rocks with 15 follows by Waymon Carr with 11. For Picayune J. Creed got 22 and Elmo Altman 10.

The junior varsity played a defensive game all the way but the visitors were a little more defensive taking the first period 7-2, tying the second 6-6, losing the third 8-5 and

Tiger quint to entertain mighty Hawks

Most spectacular basketball game of the season in Bay St. Louis is slated for Friday night in Bay High gym when North Central's Hawks invade the Tigers' lair for their annual battle.

The Hawks, rated one of the best squads in the state this season, will be putting a 14-1 record on the line against the Tigers' 5-4 but the Cats have proven they can play when they are up, beating Pearl River Central 101-31 Dec. 19, and coach Wilmer Seymour said they certainly will be up for this game. North Central holds a 66-50 win over Bay High in the Hawk gym Dec. 3 and the Tigers will be gunning for revenge.

The Hawks may be handicapped by the loss of top scorer Wendell Lader who turned his ankle and has been on crutches for the past week and a half but coach Roland Lader said yesterday he expected him to be in shape for the crucial contest. Bay High preps against St. Martin's tonight in the Harrison Central invitational.

salting away the contest in the fourth 12-6. For the Rocks Phillip Warner got 11 and for Picayune Ronnie Smith got 10.

The Rockchaws are entered in the Harrison Central Invitational Tournament and will probably play tonight but because of several schools dropping out new brackets had to be drawn and their opponent was not known at press time. They are also scheduled to entertain Pass Christian Saturday.

Academic vs. athletic rank cited at SJA

St. Joseph Academy Parents Club Tuesday afternoon heard Sister Eugenie, principal, explain accreditation of the school. Due to the fact there has been some confusion among the parents as to the exact meaning of the accreditation Sister Eugenie explained the difference between the educational ratings and the athletic ratings of schools.

St. Joseph Academy has been approved by the Southern Assn. of Schools and Colleges for the past 30 years, she said. This association is composed of 11 Southern states. Only in the last three years have grammar schools which are independent of high schools been allowed to apply for this rating. There are only seven private schools in Mississippi which hold this rating. St. Joseph being among them, the principal declared.

The athletic rating is governed by enrollment and is grouped AA-A-B-BB, etc., accordingly. This has nothing whatsoever to do with an academic rating, she noted.

Plans and committees were discussed for the Carnival ball which will take place Jan. 31. Hostesses for the meeting were Mrs. George Seuzeneau, Mrs. Charles Brown, Mrs. James Maxwell and Mrs. James DeBlanc.

Babson forecasts 1964

(Cont. from Dec. 26.)

7. Depression. Whether for better or for worse, the voters have been taught to believe they can and should get something for nothing, and only a severe depression could ultimately change this belief. I, however, look for no depression in 1964.

8. Agricultural Outlook. Although crops, prices, and farm income may be basically dependent on the weather, much of the world is short of food. Russia's and China's heavy purchases of grains will do more to bolster U.S. farm income than will government-supported prices in 1964.

9. Dow-Jones Industrials. I forecast that the stock market as measured by the Dow-Jones Average will make a new high in 1964, but may sell lower after the elections. However, readers must remember that the Dow-Jones Industrial list, which everyone seems to think represents the market, may be very deceptive.

10. Speculative Stocks. Of the approximately 1550 stocks listed on the New York Stock Exchange, a majority have been going down while the Dow-Jones list of 30 which everyone watches have been going up. This is due to the purchase of Dow-Jones issues today largely by trustees, pension funds, mutual companies, and others that prefer fairly conservative and dividend-paying companies. I forecast that stocks not in the Dow-Jones list will do better proportionately in 1964 than they did this year.

11. Switching. Based on my above forecast, and having learned that only buying can send stocks up, I predict that 1964 may prove to be a good year to switch from some of the overcrowded Dow-Jones stocks into other issues that are now overlooked.

12. Government Bonds. The only government bonds that interest me are the long-term ones which may now be purchased at a discount to use in payment at par for death taxes. I forecast that more governments will be issued during 1964 and that their prices may gradually sag as money becomes tighter.

13. Corporation Bonds. Those buying corporate bonds should either stick to issues of under five years' maturity or keep their money in the savings bank. I predict that long-term corporation bonds will drop in price in 1964 as interest rates rise.

14. Tax-Exempt Bonds. Likewise, I predict that long-term tax-exempt bonds will decline this year. They are even more overpriced than corporation bonds, because of heavy bank buying during the past two years. I do not look for this to be repeated in 1964. Therefore, I would certainly confine buying of tax-exempts to short maturities; and would avoid revenue bonds.

15. Interest Rates. I cast that interest rates will continue at least as high as in 1964 in order to keep value of the dollar.

16. Devaluation of the dollar. I am personally acquainted with conditions in Africa, and say that those who speculate in gold mines should consider American-South African Investment Co. Ltd. as a gold-mining stock, down as well as up, in accordance with many different conditions.

17. Profits. I forecast corporate profits will come to rise in 1964, though possibly at a somewhat slower pace recently.

viously bid on bonds in the
ounty. Gex was inclined to
tribute no bids to the fact
advertising took place dur-
the Christmas holidays when
my firms virtually closed
from Dec. 18 until this
Monday. In this case the
notice appeared in a county
er but was not advertised in
bond buyer publication, ap-
parently because most local is-
sues have been sold at good
rates and without any
able.

Supervisors had spent a
tion of Monday afternoon
n Foster C. Fowler, execu-
secretary of the Missis-
Commission on Hospital
re, who has the final say-so
the state on hospital build-
plans and financing and he
rather tart with the county
ers.

Fowler told the supervi-
Hancock General was the
y one of the four hospitals
Mississippi which he said got
ederal grant at the same time
October which had failed to
the job under contract by
required Jan. 31. Hubbard
him the supervisors had
ceeded as rapidly as possi-

ble under the law, Gex having
advised no contract could be
made with the architect without
unds available and those funds
depende on a federal grant or
some other firm source.

"It may not be legal down
here but some other folks have
done it legally," Fowler re-
orted.

Fowler also expressed curi-
osity on how Hospital Admin-
istrator Thomas Logue had
managed to get an extension
through the Atlanta office.

To Hubbard's question of
whether Hancock could count on
a share of the next allocation
of Hill-Burton Act funds since
the APWA pushed time so much,
Fowler asked the board whether
it could seek in sincerity Hill-
Burton money when it had failed
to use APWA funds allocated
to it. Hubbard noted the su-
pervisors some time ago had
voted to go the Hill-Burton route
on the expansion job.

The state official wanted to
know how soon the funds could
be deposited in the bank and
when the plans of architects
Landry and Mathis of Hatties-
burg would be ready. Most of
this involves meeting the Jan.
31 deadline for filing in Wash-
ington the necessary papers.

OATH IS ADMINISTERED TO DEPUTIES

PROUD MOTHER — Mrs. Sylvan J. Ladner pins badge
on her son, Sheriff Sylvan J. Ladner, Jr., after new county
elected officials were sworn in Monday. At left is John
Egloff, former sheriff on whose staff Ladner first served.

Sheriff and clerk appoint more deputies

Appointment of four deputies
in Beat 5, one each in Beats
2, 3 and 4, and an additional
office clerk was announced this
week by Sheriff Sylvan J. Lad-
ner, Jr., who took office Jan.
1. No appointment was an-
nounced for Beat 1.

Deputy for Beat 2 is Leo
Woods; 3, James Ladner; 4,
Norvin Bobinger; 5, Raoul Tel-
hiard, Fred Curet, Robert
Fleming and Chester Favre.
Clerk is Mrs. Ray Favre.

Already announced were ap-
pointments of Edo Depreo as
chief deputy; Mrs. Gussie Cue-
vas, chief office deputy; Mrs.
John Garza, Mrs. James Ruhr
and Miss Judy Favre, clerks.
Ladner made no further
statement of policy except that
he would continue the present
policy of 24-hour radio-patrol
service at least for the present,
saying he will make a complete
statement of policy in the near
future.

In the Chancery Clerk's
office, Marie Quintini, who
also took office Jan. 1, an-
nounced she would keep the present
staff, composed of Mrs. Vera
L. Breland and Ivey Pebles,
deputy clerks, and Mrs. Odile
Carter, clerk, supplemented by
Miss Lillie Mae Cuevas as
clerk. Warren Carver will con-
tinue as bookkeeper, she said.

Halt plans...

(Cont. from Page 1.)
possibility the bond issue would
not be approved. The board
instructed Ladner to advise
Wagner to do no more work on
the plans and to ask him to
meet with the board Saturday
and give an estimate of the
cost of preparing the prelimi-
nary plans and also to advise
them whether or not it was
feasible to move the old Cat-
houla Church building to North
Central to be used for tracher
residences.

The board recessed until
9 a. m., Saturday.

Spvrs. pick...

(Cont. from Page 1.)
most of the local criminal pro-
ceedings.

Action was delayed on pay
for Michael E. Haas who has
been named as youth referee
by Chancellor William G.
Hewes. The judge asked for
\$500 a year and said he wanted
to confer with the board about
the job.

Reappointed at existing sal-
aries were Arthur Rogers as
superintendent of seawall
maintenance, paid from the sea-
wall fund; George Wier as
county state aid engineer; Mrs.
Yvonne Fricke, county home
caretaker; Frank Klein, com-
modity clerk, and Mrs. V. J.
Piazza, assistant clerk; Roland
Lafontaine, courthouse janitor;
Mrs. Ethel Ladner Favre, agri-
cultural center clerk; County
Agent O. O. Swords and Home
Agent Mrs. Joseph Hughes.

At Hubbard's suggestion the
board decided not to make for-
mal appointments this year of
top men on the county road
and bridge maintenance fund to
which each beat had been con-
tributing.

A 40-day extension was
granted the new superintendent
of education, Robert F. Ladner,
to move his office from the
Courthouse to the Agricultural
Center to relieve overcrowding.
Supervisors don't have a fixed
place to meet under the pres-
ent situation and they discussed
with apparent seriousness going
ahead with a temporary annex.
December claims were ap-
proved on all funds except the
general county which had only
a \$549.59 bank balance against
\$15,300 worth of bills.

Hearing set...

(Cont. from Page 1.)
to discontinue this service in
1958 when these trains ran be-
tween Ocean Springs and New
Orleans. After a hearing in
New Orleans the railroad was
granted permission to drop the
Ocean Springs to Pass Christian
part of the service and encour-
aged to raise fares. Subse-
quently, through elimination of
some commuter ticket books
and increases in the basic
charge, fares for commuters
were raised up to 150 per cent.
With the commencing of
operations at Michoud, the Han-
cock County Chamber of Com-
merce spearheaded an effort to
get the railroad to reestablish
a stop there. At the time the
L and N flatly refused to thus
extend its service.

TUBERCULOSIS UP

New cases of tuberculosis
in Mississippi last year near-
ed the 1,000 mark, reversing
the down-trend of the last five
years says Dr. A. L. Gray,
state health officer. By Dec.
1, 837 new cases were listed
against 695 last year and 662
in 1961. Of 3,566 cases on the
register on Jan. 1, there were
3,187 patients on home treat-
ment and 379 in hospitals.

Teen Times

After all the holiday excitement anti-climaxed by last Tuesday's blanket of snow, everyone seems quite ready to settle back in the old routine, despite a few groans of protest, most welcomed the return to normal.

College students started trickling back to various schools as early as last Thursday; USM band members having to report for practice for half-time Senior Bowl activity. By Monday almost all had resumed classes as had local high and elementary schools.

Trish Blanchard spent Christmas in Madison, Wisc., where temperatures reached a low of 14 below, but had to wait until she got home to see snow. Trish, Wynn and Kathy Heath, Peggy Lamb, Virgie Benigno, Rippe Rausch and her houseguest, Glenda Jeter of Baton Rouge, Teddie Thomas and Maxie Trelles have all returned to L.S.U.

Linda Munch and Dianne Hunter added to the scenery on Waveland Avenue with huge snowmen.

Donald Breland, who spent last Christmas in Hawaii where he was stationed with the U.S. Navy, is home on a 30-day leave.

Annette Monti has returned from New Orleans where she spent Christmas. Her sister, Peggy is looking somewhat sad these days, her boy friend, Carl 'Pete' Petro is being transferred from Keesler Field to a new assignment as yet unknown.

Nancy Marochino left for Our Lady of the Lake in Houston on Monday to be ready for her first class on Tuesday.

A very happy birthday wish goes to Carolyn Otis who will be 16 on Sunday, Jan. 12. Carolyn, a junior at Bay High, will soon be moving from Logtown into her new home on Jeff Davis in Waveland.

Sandra, Nancy and Carlotta Lozano arrived Friday night to weekend in their Beach Blvd. home.

Suzanne De Blanc, Kathy Saux, Pam Smith, Peggy Argusson, Johnnie Green and Betty Loup were a busy group Saturday as they assisted Amy and Martha Lynch take inventory at Waveland Drug Store.

We'll now bid farewell to several who have been mentioned in this column at one time or another. George Stelz graduates as she celebrated her 20th birthday on Dec. 25, and Jeralyn Jones and Buddy Wilson, due to the fact that they were wed on Sunday, Dec. 29, Jeralyn returned to her job at Avondale after Buddy returned to Marine Corps duty at San Diego last Friday.

Linda Hamilton and Richard Schaefer and Nody Ladner and his date, who's first name was Nan, journeyed to New Orleans to cheer in vain for Ole Miss in the Sugar Bowl.

Hattiesburg was the destination Saturday of both SJA and Stanislaus' basketball teams and numerous local root-

LUCKY ELLEN - Ellen McDonald, daughter of Mr. and Mrs. John J. McDonald and member of Bay High's pep squad, demonstrates how she caught a football kicked into stands during Senior Bowl game in Mobile Saturday. Ellen was a member of a party of Bay High and Hancock North Central football teams and cheerleaders making the trip sponsored by Hancock Bank.

each hosted a big party on that night.

It was too chilly to do much roaming around but we saw Janet Trapani busily erecting a snowman on her father's automobile and Freddie Delph built an enormous one in the yard of his de Montluzin Avenue home.

Karen Williams was unable to toss even one snowball as she was recuperating from a severe cold.

Spending the holidays as the houseguest of Debbie Bordages was Adriana Manfredi, St. Joseph boarder who is from Columbia, South America.

Latest names on the going steady list are Sally Scharf and Larry Cox.

We want to welcome Cathy Bird as a new Teen Timer. Cathy and her family recently moved here from Oklahoma.

Tuesday's record (we think) snow fall was greeted with glee by members of the younger set, except those with big plans to celebrate New Years Eve. Norman Lamb and Al Van Artz

Vincent Cuevas leads Rock jvs to cage victory
St. Stanislaus' basketballers split a double-header with Sacred Heart Saturday at Hattiesburg, the junior varsity winning the opener 42-39 and the varsity losing a tough one 59-47 after almost tying the score in the third period.
For the varsity Wayne Carr got 19, Curtis Matherne 10 and Moe Scaffidi 8; Sacred Heart's Rutherford got 27 and Charleville 14.
Junior Rock Vincent Cuevas led with 19, followed by Robert Genin with 8 and Ray Chiniche

De La Salle smothers Stanislaus
Waymon Carr racked up 15 points to spark St. Stanislaus basketballers in a losing effort last Thursday, the Rockchaws losing 26-60 in New Orleans to De La Salle High.
The Rocks were outnumbered and outclassed, the Cavaliers using 15 men to their five, and were on the short end of each quarter score, 13-4, 20-7, 18-8 and 9-7.
Ned Heath got 6 points and Curtis Matherne 4.
The junior varsity fared no better dropping the opener 70-42 being outpointed 16-11, 16-2, 18-10 and 20-9. Vincent Cuevas was high scorer with 17 followed by Ray Chiniche with 8. For De La Salle it was Durel 14 and Senac 10.
Jo Mary, Suzi lead SJA win
Little Jo Mary Artigues with 33 points and Suzi Rhodes with 21, plus a strong defense, was enough to give St. Joseph Academy's Gold Jays a lop-sided 70-45 victory over Sacred Heart at Hattiesburg Saturday.
The Jays got off to a strong start taking the first quarter 24-15 and adding insurance in the following three 21-11, 12-12 and 13-7.
A big factor in the winning effort was the fine defensive work of guards Ellen Colson, Jane Perry and Mary Toni Lader who, although lacking height, completely squashed the Sacred Heart offense.
7; Sacred Heart, J. O'Flynn 11, B. Sanders 8 and S. Bennett 8.

Dog doings
And this is, literally, as we received a letter from one of our favorite canines, that well known poodle Mazarowski Ogden who pens the news that Dr. Hilaire Ogden has been very ill and was in a New Orleans hospital from before Thanksgiving until just last week. He is at home at last but still unable to be up and around. Mazarowski adds that his cousin, poodle Aime Ogden, and parents Hilaire, III, and Marie were guests of the Ogdens. The missive was signed appropriately with a bright green paw print

Who was the husband who accused his wife and his hostess of trying on the guest's furs when they were in reality only admiring one another's stoles, at a recent party?
A warm welcome goes to newcomers, Mr. and Mrs. Drexel Swanson and two young sons, Phillip, age two and one-half years and Frank, a scant five weeks, who recently moved their brand new mobile home in to Bay Trailer Court. The Swansons have been making their home in New Orleans where Mr. Swanson is employed by Boeing, but originally hail from California.

Boys lose to Stone

Tigerettes beat Kittens

Bay High's varsity and junior varsity both blew halftime leads to drop two games to Stone High at Wiggins Tuesday night.

Hancock coasts past PRC

Hancock-North Central won in a walk for their 14th time Tuesday night at Pearl River Central, the second stringers taking over and copping the contest 56-30. Only defeat suffered by the Hawks this season was to Biloxi in the March of Dimes Tourney by three points. The Hawkettes fared not so well, flubbing the opener 51-27.

The Pearl River lads were virtually helpless in the first half trailing 35-7 and coach Roland Ladner sent in the reserves to finish the game.

High scorers for the Hawks were Bobbie Ray Necaise with 14 and Lonnie Lizana 11. For Pearl River Larry Bounds got 16.

Score by quarters:
North Central 14 21 9 12 - 56
Pearl River 5 2 12 11 - 30
Valerie Malley led the girls with 12 and Ladett Palmer added 11. It was a case of "couldn't find the basket" in the first half and they were only able to score three points but they came back to earn 24 in the second half.

Friday night is the big game against the Tigers in the Bay High gym.
